SUMMARY

Full-stack MERN developer with 1+ year of hands-on experience building scalable web applications. Skilled in performance optimization, RESTful APIs, and end-to-end product delivery. Passionate about combining clean UI with efficient backend systems.

EXPERIENCE
May 2024 – 2026

Front-End Development (Freelance & Contract Work) | React, Next.js, Redux Toolkit
– Developed responsive and interactive user interfaces using **React.js** and **Redux Toolkit**.
– Converted Figma and design mockups into reusable, production-ready components for a **Next.js client project**.
– Integrated **REST APIs** to enable dynamic data updates and smooth user experiences.
– Ensured cross-device responsiveness and maintained modular, scalable front-end architecture.

PROJECTS
2024 – 2026

Habitura - Habit Tracking App | ⊙ | ↗ | *MERN, Redis, Docker, Tailwind CSS, Firebase*
– Built a full-stack habit tracking platform with analytics and daily goal management.
– Integrated **Firebase OAuth** and optimized performance using **Redis caching (30% faster)**.
– Enhanced UI with **Tailwind CSS + Ant Design** and deployed via **Docker**.

Task Management Dashboard | ⊙ | ↗ | *React, Node.js, Express, Firebase Firestore, JWT, Tailwind CSS*
– Built a full-stack task management system with **role-based access control** and JWT authentication.
– Enabled task creation, assignment, and real-time status updates using **Firestore**.
– Deployed on **Vercel** (frontend) and **Render** (backend), resolving production CORS issues.

No-Code Form Builder | ⊙ | ↗ | *React, JavaScript*
– Built a drag-and-drop **no-code form builder** allowing users to create custom forms without writing code.
– Implemented dynamic form fields including text, email, and phone inputs with real-time configuration.
– Generated reusable, embed-ready code for created forms, improving developer integration efficiency.

CERTIFICATES

Meta Front-End Developer Certificate | ↗   Jan 2024 – May 2024
– Completed Meta Front-End Developer program covering HTML, CSS, JavaScript, React, and Git.
– Applied UI/UX principles to build accessible and user-friendly web interfaces.

EDUCATION

B.E. Electronics & Communication, Chandigarh University	2017 – 2021
Class XII, St. Mary's Sr. Sec. School	2017
Class X, St. Mary's Sr. Sec. School	2015

TECHNICAL SKILLS

Languages: JavaScript, TypeScript
Web Development: React.js, Redux Toolkit, Next.js, Node.js, Express.js, MongoDB, HTML, CSS, Tailwind CSS, Bootstrap
Tools: Git, VS Code, Docker, MongoDB Atlas, MongoDB Compass, Figma

ADDITIONAL

Languages: English, Hindi, Punjabi
Soft Skills: Debugging, Problem Solving, Collaboration, Creativity
